Commitment

RATTI S.p.A. Società Benefit has joined 4sustainability® Chemical Management Protocol that has the elimination of the substances contained in the ZDHC Manufacturing Restricted Substances List as a goal (<https://mrsl.roadmaptozero.com/>).

To this end, **the intentional use** of the substances listed in the ZDHC MRSL potentially present in chemical products, it must be eliminated from any stage of the production process.

In order to be able to guarantee the compliance of our processes and according to 4sustainability® Chemical Management Protocol, we ask you to:

- Indicate which formulations supplied to us are registered in ZDHC Gateway and which is the related conformity LEVEL respect to ZDHC MRSL currently in force, sharing the related ChemCheck. If you are not yet registered in ZDHC Gateway and you are interested in, you can contact the regional ZDHC team;
- In case no ZDHC Gateway Level is present, please send us for each formulation any other ZDHC recognized/approved certification (such as GOTS, Bluesign, Eco Passport by Oeko-Tex, ecc.) or at least a compliance self-declaration to ZDHC MRSL and related Addendum. The self-declaration must be developed according to ISO 17050 and must precisely indicate the commercial name of each single formulation for which the declaration is provided. Moreover, it must specify the information source;
- If formulation certifications are missing, please communicate us if the ZDHC Gateway qualification and/or any other ZDHC recognized/approved certifications are included in your goals, indicating us the related implementation timelines.

Please also report any critical issues in relation to the possible applications of the products in the production cycle.

Each reporting company must be considered bound by the declarations signed and will be responsible for any verifications.
